Career Objective

Enthusiastic and detail-oriented Frontend Developer with strong foundational skills in HTML, CSS, Tailwind CSS, JavaScript, and React. Passionate about building responsive, user-friendly web interfaces and continuously learning modern web technologies. Adept at translating design concepts into functional websites with clean and efficient code. Eager to contribute to dynamic teams, especially in fast-paced startup environments, and grow professionally in the field of web development

Skills

Html

CSS

JavaScript

Tailwind

React.js

Education

Institution	Degree	Grade	Year
IES(RJPV)	B.Tech	7.1 CGPA	2022

Portfolio

Html Css JavaScript

- This project is a personal portfolio website built using HTML, CSS, and JavaScript. It serves as a showcase for my skills, projects, and professional background. The website is responsive, ensuring a seamless experience across different devices (desktop, tablet, and mobile).

Medical Institute Clone

Html CSS

- Developed a fully responsive clone of a Medical Institute website using HTML and CSS. The project involved recreating the layout, structure, and styling of the original website with attention to detail in design elements such as navigation bars, banners, service sections, contact forms, and footers. Focused on achieving a clean, professional, and user-friendly interface suitable for a healthcare environment. Emphasized best practices in web development, including semantic HTML, organized CSS, and responsiveness across different screen sizes.

Ticket Raising Tool

HTML, Tailwind CSS, React.js

- This project is a Ticket Raising Tool designed to help users submit, track, and manage support tickets efficiently. It provides a user-friendly interface built with React.js and styled with Tailwind CSS for a responsive and modern design
-
